1. Grow or develop in a healthy or vigorous way, especially as the result of a particularly favorable environment.

Friends of Every Child Lane,

March 2023

Every Child Lane County wants to see all children flourish! Because of your commitment and involvement, Every Child has laid down some firm roots in our community and continues to envision a growing group of people dedicated to the flourishing of children and families impacted by foster care.

Every Child Oregon (ECO) launched in 2014 with a laser-focused mission: to provide a safe, loving, strategic home for every child in Oregon's foster care system. To do this, ECO reimagined the community and government working together in a way no one expected. ECO went throughout Oregon, county by county, to ask their citizens to join together on behalf of children in their local community. In 2016, Lane County enthusiastically said, "Yes!"

We cannot enact this strategy unless we unlock the power of collaboration – mobilizing a community to be collectively innovative. When we come together, meeting on common ground and united in purpose, we find solutions. This requires people to work together who have unique perspectives, backgrounds, beliefs, and ideas. It is easy to agree when our focus is the flourishing of the nearly 700 children currently in foster care in Lane County.

For seven years in Lane County, we have been astounded and overjoyed to watch local businesses, government, rotaries, churches, schools, families, and individuals join together to uplift these special kids. You have impressed us with your dedication and support for children in foster care!

This 2022 Impact Report shares a glimpse of this collaborative story. People from all over Lane County are joining together to ensure children impacted by foster care have the opportunity to FLOURISH. This report is my "yes," the "yes" of our board, the "yes" of our staff, and the "yes" of our volunteers.

Will you say "yes" in 2023?

ACTIVITY BOXES

When ODHS workers expressed a need for activities for kids in foster care who are in-between placements, our community stepped up to help! Kids and teachers from Eugene Christian School provided 17 storage bins full of activities each grade brought in activities that they would like, so they ended up with a wide variety of items for all ages.

ODHS MAKEOVER REFRESH

14 churches came together to refresh 19 ODHS rooms intended for connection between families and their children in foster care. Over \$13,500 in donations such as new toys, rugs, furniture, and art were given for this project.

MY MEIGHBOR

FIRST BIRTHDAY PARTY AT 10 YEARS OLD

Carlos* was about to turn 10. When his resource mom found out he had never (ever!) had a birthday party, she submitted a My NeighbOR request, asking for help. My NeighbOR volunteers leaped into action. Six local volunteers came together to give Carlos his FIRST birthday party complete with passes to DEFY trampoline park, Fortnite decorations (his favorite video game), beautifully wrapped gifts, and homemade cupcakes!

"He had such a great day... I can't thank you enough!!"

DANNY'S NEW SHOES

"When Danny* came to Brighter Side Giving Store, his shoes were well-worn, and he was worried he wouldn't be able to find a style that was "him"... until we pulled out these bright yellow and orange Nikes - just his size AND his favorite colors! He was enamored. He kept pointing out all the details to us. It brought us so much joy to find something that he loved!" - Brighter Side Store Host

"I feel like I just put my foot in a treasure chest. I've never owned something so cool!" Danny, 17

PROGRAM DESCRIPTION

Brighter Side Giving Store is a resource for school-aged children in crisis. Children are invited to "shop" for free in a space that allows them to make choices. Two dedicated volunteer store hosts help them shop and feel seen, valued, and special. Kids shop for an assortment of coats, clothing, underwear, shoes, backpacks, books, toys, and more. This experience is available by referral from partner organizations and serves children in foster care, unhoused children, and children experiencing other crises.
